

The Invisible Ballad

.....
**This world is deaf and blind
Beware of words behind
Beware of religions any kind**

**Mind the gap
Mind the map
Mind the rap
Mind the signs of times**

**Beware of languages
Beware of rampages**

**This world is deaf and blind
This world is deaf and blind
This world is deaf and blind**

**Mind your light
Mind your brightness
Mind your sight**

**This world is deaf and blind
This world is deaf and blind
This world is deaf and blind**

**Thou are the invisible animal
invisible animal rebell
Mind the signs of times.**
